PROFILE

Java Full Stack Developer with 2 years of hands-on experience in web application design, development, and maintenance. Proficient in Java, Spring, Spring Boot, JavaScript, HTML, and CSS, with a strong track record of delivering high-quality code and fostering seamless cross-functional collaborations. Eager to leverage my expertise in a dynamic software development setting to drive innovation and excellence.

PROFESSIONAL EXPERIENCE

Infiflex Technologies Pvt. Ltd.

01/2023 to 10/2023

Solutions Associate

- Achieved a 60% performance boost in Giffy's import module with Spring MVC and Syncfusion UI.
- Conducted manual testing and contributed to upgrades in multiple modules.
- Demonstrated versatility by actively participating in client projects.
- Created service and REST controller methods.
- Gained foundational knowledge of Google Cloud Platform (GCP).

Infiflex Technologies Pvt. Ltd.

01/2022 to 12/2023

Junior Solutions Associate

- Full Stack Java Developer for Infiflex's flagship product GIFFY.
- Improved Giffy's UI using Syncfusion UI library, emphasizing HTML, CSS, JavaScript, jQuery, and Bootstrap.
- Developed RESTful methods to enhance product functionality.
- Led a significant project using Syncfusion UI components (Kanban board, Gantt chart) to create a project management tool.
